

# FMB001 Product Change Notifications

[Main Page](#) > [OBD Trackers](#) > [FMB001](#) > **FMB001 Product Change Notifications**

**Product change notifications (PCN)** is the way of informing customers of upcoming changes related to Teltonika products. This includes outward appearance adjustments, hardware improvements, firmware changes, changes to package contents, etc. This page stores information regarding changes to the FMB001 tracking device. Below you will find a list of both upcoming and already implemented changes sorted from newest to oldest (top to bottom).

## 2024.05.24: New packaging of OBD devices

We would like to inform you, that packaging of the FMB001 device will be updated in the factory from June 2024.

### Change description

Change type	External/visual
	Additional spacer was added inside the box (applicable to all order codes with SPQ 1) to secure device in place while shipping and create more pleasant unboxing experience.

New version:

### Detailed description

Old version:

Change reasons Due to device being too loose in SPQ 1 box, additional spacer has been added.

Product release date June 2024

### Affected products

Model	Affected order codes	Order code changes
	All order codes with SPQ 1:	
FMB001	FMB001H3**** FMB001H5**** FMB001SD****	New packaging

### Change impact

Risk assessment No risk factors encountered with this change

Suggested implementation plan Change instructions and update promotional material if required.

### Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above

## 2023.04.21: Top Laser Printing Changes

We would like to inform you, that laser printing of the FMB001 device was updated in the factory from April 2023.

### Change description

Change type	External/visual	
Detailed description	Top laser printing design was changed, additional IMEI/SN QR sticker on the top part of the casing was added	
	Old version: 	New version: 
Change reasons	In order to improve the effectiveness of QR scanning additional IMEI/SN QR sticker on the top part of casing was added	
Product release date	April 2023	

### Affected products

Model	Affected order codes	Order code changes
FMB001	FMB001 ****	New casing

### Change impact

Risk assessment No risk factors encountered with this change

Suggested implementation plan Due to changes in device appearance we strongly recommend to contact your customs agent with our change log information, to avoid any unexpected delays in customs clearance process

### Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above

## 2022.08.01: Base firmware update

We would like to inform you about the base firmware update for FMB001 starting from August 1st, 2022. The new production firmware version will be **03.27.13.Rev.03**

**Change description**

Change type	Hardware and Firmware change	
Detailed description	OBD data processor of an alternative manufacturer is introduced in the production process. Key improvements from last production firmware are listed in errata: <a href="https://wiki.teltonika-gps.com/view/FMB001_firmware_errata">https://wiki.teltonika-gps.com/view/FMB001_firmware_errata</a>	
Change reasons	Old version: FMB001 03.27.13.Rev.01	New version: FMB001 03.27.13.Rev.03
Product release date	Response to the global situation in component market and streamlining our product portfolio.	
2022 August		
<b>Affected products</b>		
Model	Affected order codes	Order code changes
FMB001	FMB001***** order codes with base Firmware	OBD processor analog
<b>Change impact</b>		
Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically. During the transition period clients might receive devices with previous Firmware version used in manufacture. Current CE and E-mark certificates are valid. Also, current purchase codes remain the same.	
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.	

## 2022.04.07: Base firmware update

We would like to inform you about the base firmware update for FMB001 starting from March 7th, 2022. The new production firmware version will be **03.27.13.Rev.01**

**Change description**

Change type	Hardware and Firmware change

Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.	

## 2021.08.13: Base firmware update

We would like to inform you about the base firmware update for FMB001 starting from August 13th, 2021. New production firmware version will be 03.27.07.Rev.00

### Change description

Change type	Firmware update	
Detailed description	Key improvements from last production firmware are listed in errata: <a href="https://wiki.teltonika-gps.com/view/FMB001_firmware_errata">https://wiki.teltonika-gps.com/view/FMB001_firmware_errata</a>	
Change reasons	Old version: FMB001 03.25.18.Rev.08	New version: FMB001 03.27.07.Rev.00
Product release date	FMB001 base firmware version update 2021 August	
<b>Affected products</b>		
Model	Affected order codes	Order code changes
FMB001	FMB001***** order codes with base Firmware	Update firmware
<b>Change impact</b>		
Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically. During the transition period clients might receive devices with previous Firmware version used in manufacture.	
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.	

## 2021.01.01: Top Laser Printing Changes

We would like to inform you, that laser printing of the FMB001 device was updated in the factory from January 2021.

### Change description

Change type	External/visual
	Top laser printing design changed
	Old version:

Detailed description

New version:

Change reasons	1. Updated Emark certificate number. 2. Added UKCA label. 3. Updated Teltonika brand to Teltonika Telematics.
Product release date	January 2021

### Affected products

Model	Affected order codes	Order code changes
FMB001	FMB001*****	New casing

### Change impact

Risk assessment	No risk factors encountered with this change
Suggested implementation plan	Due to changes in device appearance we strongly recommend to contact your customs agent with our change log information, to avoid any unexpected delays in customs clearance process

## Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above

## 2020.01.22: Base firmware update

We would like to inform you about base firmware update for FMB001 starting from January 22th, 2020. New production firmware version will be **03.25.15.Rev.01**.

### Change description

Change type	Firmware update	
Detailed description	Key improvements from last production firmware are listed in errata: <a href="https://wiki.teltonika-gps.com/view/FMB001_firmware_errata">https://wiki.teltonika-gps.com/view/FMB001_firmware_errata</a>	
Change reasons	Old version: FMB001 03.25.05.Rev.00	New version: FMB001 03.25.15.Rev.01
Product release date	FMB001 base firmware version update 2020 January 22th.	
<b>Affected products</b>		
Model	Affected order codes	Order code changes
FMB001	FMB001***** order codes with base Firmware	Update firmware
<b>Change impact</b>		
Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically	
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.	

## 2019.07.22: new no brand Eco friendly boxes

Effective September 2019, FMB001 trackers with no brand packaging will be shipped with a **new no brand eco-friendly box**.

### Change description

Change type	Packaging Improved and more environmentally friendly packaging box Old single packaging version: 		New single packaging version: 
Detailed description	<b>Dimensions:</b> 165 (W) x 145 (D) x 35 (H) Old group packaging version: 		<b>Dimensions:</b> 175 (W) x 150 (D) x 35 (H) New group packaging version: 
Change reasons	<b>Dimensions:</b> 355 (W) x 175 (D) x 60 (H) The new box is better for the environment		<b>Dimensions:</b> 355 (W) x 175 (D) x 60 (H)
Product release date	Devices with new packaging will be released in manufacturing from September with 2 months of transition period. Over this period devices with white packaging can be delivered as well as devices with the new eco boxes.		
<b>Affected products</b>			
Model	Affected order codes	Order code changes	
FMB001, FMB010, FMB100, FMB110, FMB120, FMB122, FMB125, FMB202, FMB204, FMB900, FMB920, FMB964, FMT100, FMB130, MTB100.	FMB001*****, FMB010*****, FMB100*****, FMB110*****, FMB120*****, FMB122*****, FMB125*****, FMB202*****, FMB204*****, FMB900*****, FMB920*****, FMB964*****, FMT100*****, FMB130*****, MTB100*****.	No changes	
<b>Change impact</b>			
Risk assessment	No risk factors encountered with this change		
Suggested implementation plan	Due to the new look of boxes we strongly recommend to update your marketing materials. Because of the new color of the packaging box, if necessary, update your branding materials (stickers, logo layouts).		

### Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above

## 2019.06.14: Device module information display changes

We would like to inform you, that the information display on device module TM2500 will be updated in the factory from July 2019.

### Change description

Change type	External/visual
-------------	-----------------

Detailed description	Information display on TM2500 module will change from sticker to laser print. Information provided on module will remain the same.		
	Old Version: 	New Version: 	
Change reasons	Laser printing will increase reliability, speed, and will reduce paper waste.		
Product release date	Devices with new module marking will be released in manufacturing from July with 2 months of transition period. Over this period devices with sticker can be delivered as well as devices with laser print.		
<b>Affected products</b>			
Model	Affected order codes		Order code changes
FMB001, FMB010, FMB100, FMB110, FMB120, FMB122, FMB125, FMB202, FMB204, FMB900, FMB920, FMB964, FMT100, FMB640, FMB130, MTB100, TMT250, GH5200.	FMB001*****, FMB010*****, FMB100*****, FMB110*****, FMB120*****, FMB122*****, FMB125*****, FMB202*****, FMB204*****, FMB900*****, FMB920*****, FMB964*****, FMT100*****, FMB640*****, TMT250*****, FMB130*****, MTB100*****, GH5200****.		No changes
<b>Change impact</b>			
Risk assessment	The change will not affect clients. All the module characteristics will remain unchanged. The only sticker on module will be changed to laser print. The displayed information will remain the same.		
Suggested implementation plan.	Due to changes in device appearance we strongly recommend to contact your customs agent with our change log information, to avoid any unexpected delays in the customs clearance process.		
<b>Acknowledgement of PCN receipt</b>			
If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above

## 2019.05.02: new eco friendly box

Effective May 2019 week 20, FMB001 trackers will be packed with a **new eco-friendly box**.

<b>Change description</b>		
Change type	Packaging	
	Improved and more environmentally friendly packaging box	
Detailed description	Old version: 	New version: 
Change reasons	The new box is better for the environment	
Product release date	May 2019, week 20	

## 2019.04.10: IMEI/SN display on device Changes

We would like to inform you, that IMEI/SN info display on the FMB001 device will be updated in the factory from June 2019.

<b>Change description</b>		
Change type	External/visual	
	IMEI/SN info on device display change from barcode to QR	
	Old Version: 	New Version: 
	This change will not affect device packing and logistic lists. It will remain as barcode.	

Change reasons	QR format will increase reliability and minimize error rate, because of the error correction feature and improved reading in low contrast.	
Product release date	Devices with new QR Code format will be released in manufacturing from June with 2 months of transition period. Over this period devices with barcode can be delivered as well as devices with QR code.	
<b>Affected products</b>		
Model	Affected order codes	Order code changes
FMB001	FMB001*****	No changes
<b>Change impact</b>		
Risk assessment	Risk assessment for devices management required	
Suggested implementation plan	Due to changes in device information display we strongly recommend to check, and prepare your tools to read QR codes.	
<b>Acknowledgement of PCN receipt</b>		
If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above

## 2019.03.01: new eco friendly box

Effective March 2019, FMB001 trackers will be shipped with a **new eco-friendly box**.

### Change description

Change type	Packaging	
Detailed description	Improved and more environmentally friendly packaging box	
	Old version:	New version:
		
Change reasons	The new box is better for the environment	
Product release date	March 2019	

### Affected products

Model	Affected order codes	Order code changes
FMB001	FMB001*****	No changes

### Change impact

Risk assessment	No risk factors encountered with this change
Suggested implementation plan	Due to changes in device appearance we strongly recommend to contact your customs agent with our change log information, to avoid any unexpected delays in customs clearance process

### Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above

## 2019.02.20: Top Tampography Changes

We would like to inform you, that tampography of the FMB001 device was updated in the factory on the 20th of February.

### Change description

Change type	External/visual	
Detailed description	Top tampography design changed	
	Old Version:	New Version:
		
Change reasons	1. Updated Teltonika address to Saltoniskiu st. 9B-1 2. Added WEEE label. (WEEE - Waste from Electrical and Electronic Equipment)	
Product release date	Updated tampographs will be used from the time when the stock will be sold all leftovers. Planned date: week 9	

### Affected products

Model	Affected order codes	Order code changes
FMB001	FMB001*****	No changes

### Change impact

Risk assessment	No risk factors encountered with this change
Suggested implementation plan	Due to changes in device appearance we strongly recommend to contact your customs agent with our change log information, to avoid any unexpected delays in customs clearance process

### Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above
