The **Harmonized Commodity Description and Coding System**, also known as the **Harmonized System (HS)** of tariff nomenclature is an internationally standardized system of names and numbers to classify traded products. It came into effect in 1988 and has since been developed and maintained by the [World Customs Organization](#) (WCO) (formerly the Customs Co-operation Council), an independent intergovernmental organization based in Brussels, Belgium, with over 200 member countries.

FMB230 nomenclature code - **85269180**.

The screenshot displays the 'TARIC measure information' page on the European Commission's Taxation and Customs Union website. The page header includes the European Commission logo and the text 'TAXATION AND CUSTOMS UNION'. Below the header, there is a navigation bar with links to 'European Commission', 'Taxation and Customs Union', 'Databases', 'TARIC', 'TARIC Measures Information', 'Mail Box TARIC', and 'Mail Box QUOTA'. The main content area shows the 'TARIC measure information' for the code 85269180. It includes fields for 'Goods nomenclature code', 'Measure type', 'Order number', 'Measure publication start date must be after', 'Measure publication start date must be before', and 'Legal base'. The 'Legal base' section is expanded, showing the hierarchy: SECTION XVI (Machinery and mechanical appliances), CHAPTER 85 (Electrical machinery and equipment), and the specific code 8526 (Radar apparatus). The page also includes a 'Show all information' link and a reference date of 04-05-2018.
