Description

With PTCRB certification, operators and device manufacturers are confident of a device's interoperability with mobile networks.

Established in 1997 by leading wireless operators, PTCRB defines the test requirements to verify compliance with global industry standards for wireless cellular devices. Member operators are committed to ensuring device quality through a rigorous certification process. Without PTCRB certification, manufacturers run the risk that their devices will be blocked on wireless networks.

Attachments

Devices under model name FMM13A-Q2IB0 are PTCRB certified and can be found on the PTCRB website among certified devices:

CERTIFIED DEVICE DETAILS

BELOW ARE ALL OF THE CERTIFIED VERSIONS OF THIS DEVICE.
