Product release date	2024 February

Affected products

Model	Affected order codes	Order code changes
TFT100	TFT100****** base codes	Updated engraving template

Change impact

Risk assessment	No risk factors encountered with this change
Suggested implementation plan	No additional actions required

2022.09.09: Base firmware update

We would like to inform you about the base firmware update for TFT100 starting from 2022 October. New production firmware version will be 55.01.10.Rev.00.

Change description

Change type	Firmware update
	Key improvements from last production firmware are listed in **errata**.
Detailed description	Old version: New version:
	55.01.02.Rev.02 55.01.10.Rev.00
Change reasons	TFT100 base firmware version update
Product release date	2022 October

Affected products

Model	Affected order codes	Order code changes
TFT100	TFT100******	Updated firmware version

Change impact

Risk assessment	No risk factors encountered with this change
Suggested implementation plan	To experience latest functionalities, we suggest to update your device's firmware to the latest. Firmware can be downloaded from **here.**

2021.10.26: Base firmware update

We would like to inform you about the base firmware update for TFT100 starting from 2021 4th quarter. New production firmware version will be 55.01.02.Rev.01.

Change description

Change type	Firmware update
	Key improvements from last production firmware are listed in **errata**.
Detailed description	Old version: New version:
	55.00.14.Rev.00 55.01.02.Rev.01
Change reasons	TFT100 base firmware version update
Product release date	2021 Q4

Affected products

Model	Affected order codes	Order code changes
TFT100	TFT100******	Updated firmware version

Change impact

Risk assessment	No risk factors encountered with this change
Suggested implementation plan	To experience latest functionalities, we suggest to update your device's firmware to the latest. Firmware can be downloaded from **here.**

2021.10.26: Flash memory component

We would like to inform you that new update is starting from 2021 4th quarter.

Change description

Change type	Hardware
Detailed description	Flash memory component
	Old Version: **GD5F1GQ4UEYIG** New Version: **XT26G01CWSIGT**
Change reasons	Flash memory component has been changed due the old model being no longer available.

Affected products

Model	Affected order codes	Order code changes
TFT100	TFT100******	No changes

Change impact

Risk assessment	No risk factors encountered with this change
Suggested implementation plan	No actions required.

2020.02.17: Top Sticker Changes

We would like to inform you, that Sticker of TFT100 device will be updated in factory on the 18th of February.

Change description

Change type	External/visual	
	Top Sticker design changed	
	Old Versions:	New Versions:
Detailed description		
Change reasons	1. Change of color to get a better view of different modifications	

Affected products

Model	Affected order codes	Order code changes
