FMB202 Product Change Notifications

[Main Page](#) > [Advanced Trackers](#) > [FMB202](#) > FMB202 Product Change Notifications

Product change notifications (**PCN**) is the way of informing customers of upcoming changes related to Teltonika products. This includes outward appearance adjustments, hardware improvements, firmware changes, changes to package contents, etc. This page stores information regarding changes to the FMB202 tracking device. Below you will find a list of both upcoming and already implemented changes sorted from newest to oldest (top to bottom).

2024.05.13: Base firmware update

We would like to inform you about the base firmware update for FMB202 starting from June, 2024. New production firmware version will be **03.29.00.Rev.18**

Change description

Change type	Firmware update
Detailed description	Key improvements from last production firmware are listed in errata: [FMB202 firmware errata](#)

	Old version:	New version:
	03.29.00.Rev.13	03.29.00.Rev.18

Change reasons	FMB202 base firmware version update
Product release date	2024 June

Affected products

Model	Affected order codes	Order code changes
FMB202	Order codes with base Firmware	New firmware version

Change impact

Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically. During the transition period clients might receive devices with previous Firmware version used in manufacture.
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.

2022.08.01: Base firmware update

We would like to inform you about the base firmware update for FMB202 starting from August 1st, 2022. The new production firmware version will be **03.27.13.Rev.03**

Change description

Change type	Hardware and Firmware change	
Detailed description	OBD data processor of an alternative manufacturer is introduced in the production process. Key improvements from last production firmware are listed in errata: https://wiki.teltonika-gps.com/view/FMB202_firmware_errata	
	Old version: FMB202 03.27.07.Rev.00	New version: FMB202 03.27.13.Rev.03
Change reasons	Response to the global situation in component market and streamlining our product portfolio.	
Product release date	2022 August	

Affected products

Model	Affected order codes	Order code changes
FMB202	FMB202******* order codes with base Firmware	OBD processor analog

Change impact

Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically. During the transition period clients might receive devices with previous Firmware version used in manufacture. Current CE and E-mark certificates are valid. Also, current purchase codes remain the same.
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.

2021.05.17: Base firmware update

We would like to inform you about the base firmware update for FMB202 starting from May 17th, 2021. New production firmware version will be **03.25.18.Rev.08**.

Change description

Change type	Firmware update	
Detailed description	Key improvements from last production firmware are listed in errata: https://wiki.teltonika-gps.com/view/FMB202_firmware_errata	
	Old version: 03.25.18.Rev.05	New version: 03.25.18.Rev.08
Change reasons	FMB202 base firmware version update	
Product release date	2021 May.	

Affected products

Model	Affected order codes	Order code changes
FMB202	FMB202******* order codes with base Firmware	Update firmware

Change impact

Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically. During the transition period clients might receive devices with previous Firmware version used in manufacture.
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.

2021.03.04: Top Device Marking Changes

We would like to inform you, that tampography of the FMB202 device was updated to engraving.

Change description

Change type	External/visual	
Detailed description	Device marking changed from tampography to laser printing. Information provided on module will remain the same	
	Old Version: 	New Version:
Change reasons	To improve manufacturing speed, efficiency and reliability To increase quality, precision and durability of marking.	
Product release date	Planned date: 2021 April	

Affected products

Model	Affected order codes	Order code changes
FMB202	FMB202*******	No changes

Change impact

Risk assessment	No risk factors encountered with this change
Suggested implementation plan	No implementation plan needed

Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above

2021.02.26: Base firmware update

We would like to inform you about the base firmware update for FMB202 starting from April 2021. New production firmware version will be **03.25.18.Rev.05**.

Change description

Change type	Firmware update	
Detailed description	Key improvements from last production firmware are listed in errata: https://wiki.teltonika-gps.com/view/FMB202_firmware_errata	
	Old version: FMB202 03.25.15.Rev.32	New version: FMB202 03.25.18.Rev.05
Change reasons	FMB202 base firmware version update	
Product release date	2021 April.	
Affected products		
Model	Affected order codes	Order code changes
FMB202	FMB202******* order codes with base Firmware	Update firmware
Change impact		
Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically	
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.	

2020.01.22: Base firmware update

We would like to inform you about the base firmware update for FMB202 starting from January 22th, 2020. New production firmware version will be **03.25.15.Rev.01**.

Change description

Change type	Firmware update	
Detailed description	Key improvements from last production firmware are listed in errata: https://wiki.teltonika-gps.com/view/FMB202_firmware_errata	
	Old version: FMB202 03.25.05.Rev.00	New version: FMB202 03.25.15.Rev.01
Change reasons	FMB202 base firmware version update	
Product release date	2020 January 22th.	
Affected products		
Model	Affected order codes	Order code changes
FMB202	FMB202******* order codes with base Firmware	Update firmware
Change impact		
Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically	
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.	

2019.07.22: new no brand Eco friendly boxes

Effective September 2019, FMB202 trackers with no brand packaging will be shipped with a **new no brand eco-friendly box**.

Change description

Change type	Packaging	
	Improved and more environmentally friendly packaging box	
Detailed description	Old single packaging version: 	New single packaging version:
	Dimensions: 165 (W) x 145 (D) x 35 (H)	**Dimensions:** 175 (W) x 150 (D) x 35 (H)
	Old group packaging version: 	New group packaging version:
	Dimensions: 355 (W) x 175 (D) x 60 (H)	**Dimensions:** 355 (W) x 175 (D) x 60 (H)
Change reasons	The new box is better for the environment	
Product release date	Devices with new packaging will be released in manufacturing from September with 2 months of transition period. Over this period devices with white packaging can be delivered as well as devices with the new eco boxes.	
Affected products		
Model	Affected order codes	Order code changes
FMB001, FMB010, FMB100, FMB110, FMB120, FMB122, FMB125, FMB202, FMB204, FMB900, FMB920, FMB964, FMT100, FMB130, MTB100.	FMB001******, FMB010******, FMB100******, FMB110******, FMB120******, FMB122******, FMB125******, FMB202******, FMB204******, FMB900******, FMB920******, FMB964******, FMT100******, FMB130******, MTB100******.	No changes
Change impact		
Risk assessment	No risk factors encountered with this change	
Suggested implementation plan	Due to the new look of boxes we strongly recommend to update your marketing materials. Because of the new color of the packaging box, if necessary, update your branding materials (stickers, logo layouts).	

Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above

2019.06.14: Device module information display changes

We would like to inform you, that the information display on device module TM2500 will be updated in the factory from July 2019.

Change description

Change type	External/visual
Detailed description	Information display on TM2500 module will change from sticker to laser print. Information provided on module will remain the same.

Old Version:	New Version:

Change reasons	Laser printing will increase reliability, speed, and will reduce paper waste.
Product release date	Devices with new module marking will be released in manufacturing from July with 2 months of transition period. Over this period devices with sticker can be delivered as well as devices with laser print.

Affected products

Model	Affected order codes	Order code changes
FMB001, FMB010, FMB100, FMB110, FMB120, FMB122, FMB125, FMB202, FMB204, FMB900, FMB920, FMB964, FMT100, FMB640, FMB130, MTB100, TMT250, GH5200.	FMB001******, FMB010******, FMB100******, FMB110******, FMB120******, FMB122******, FMB125******, FMB202******, FMB204******, FMB900******, FMB920******, FMB964******, FMT100******, FMB640******, TMT250******, FMB130******, MTB100******, GH5200******.	No changes

Change impact

Risk assessment	The change will not affect clients. All the module characteristics will remain unchanged. The only sticker on module will be changed to laser print. The displayed information will remain the same.
Suggested implementation plan.	Due to changes in device appearance we strongly recommend to contact your customs agent with our change log information, to avoid any unexpected delays in the customs clearance process.

Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above

2019.04.10: new eco friendly box

Effective May 2019 week 19, FMB202 trackers will be packed with a **new eco-friendly box**.

Change description

Change type	Packaging
Detailed description	Improved and more environmentally friendly packaging box

Old version:	New version:

Change reasons	The new box is better for the environment
Product release date	May 2019, week 19

Affected products

Model	Affected order codes	Order code changes
FMB202	FMB202*******	No changes

Change impact

Risk assessment	No risk factors encountered with this change
Suggested implementation plan	Due to changes in device appearance we strongly recommend to contact your customs agent with our change log information, to avoid any unexpected delays in customs clearance process.

Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above

2019.04.10: IMEI/SN display on device Changes

We would like to inform you, that IMEI/SN info display on the FMB202 device will be updated in the factory from June 2019.

Change description

Change type	External/visual
	IMEI/SN info on device display change from barcode to QR

Old Version:	New Version:

This change will not affect device packing and logistic lists. It will remain as barcode.

Detailed description	

Change reasons	QR format will increase reliability and minimize error rate, because of the error correction feature and improved reading in low contrast.	
Product release date	Devices with new QR Code format will be released in manufacturing from June with 2 months of transition period. Over this period devices with barcode can be delivered as well as devices with QR code.	

Affected products

Model	Affected order codes	Order code changes
FMB202	FMB202******	No changes

Change impact

Risk assessment	Risk assessment for devices management required
Suggested implementation plan	Due to changes in device information display we strongly recommend to check, and prepare your tools to read QR codes.

Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above

To download the pdf version of this notification, [click here](#).

2019.03.04: Top Tampography Changes

We would like to inform you, that tampography of the FMB202 device was updated in the factory on the 4th of March.

Change description

Change type	External/visual	
Detailed description	Top Tampography design changed Old Version: 	New Version:
Change reasons	1. Updated Teltonika address to Saltoniskiu st. 9B-1 2. Added WEEE label. (WEEE - Waste from Electrical and Electronic Equipment)	
Product release date	Updated tampographs will be used from the time when the stock will be sold all leftovers.	

Affected products

Model	Affected order codes	Order code changes
FMB202	FMB202*******	No changes

Change impact

Risk assessment	No risk factors encountered with this change
Suggested implementation plan	Due to changes in device appearance we strongly recommend to contact your customs agent with our change log information, to avoid any unexpected delays in customs clearance process

Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above
