

How to use “Packing list” functionality

v1.0

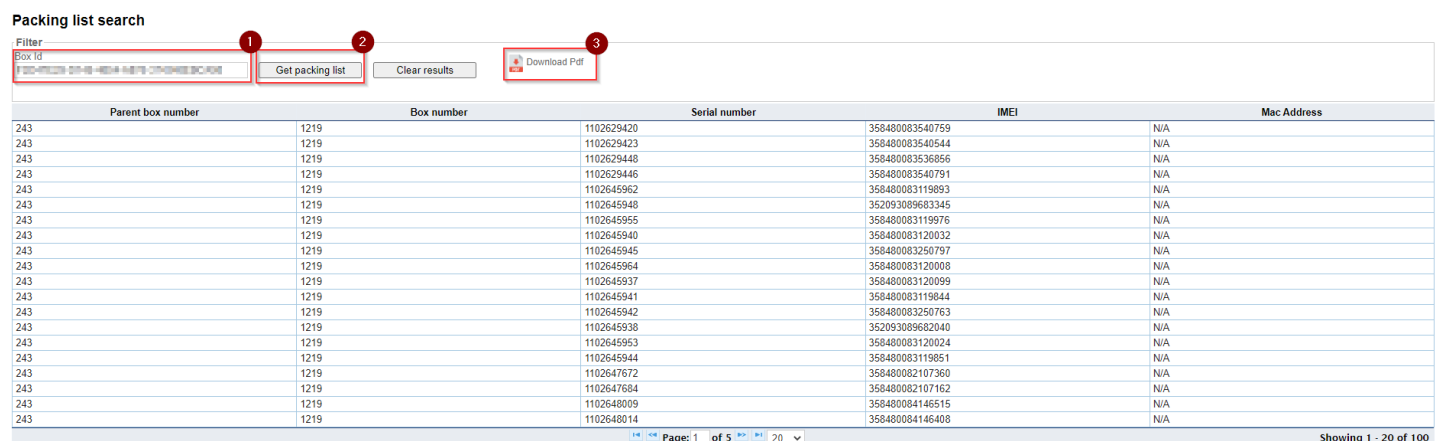

1. Choose „Packing list“ functionality in Vip Help Desk.

2. Scan QR code from packing box:

3. QR code will fill-in into the “Box Id” field (1). Then press “Get packing list” (2), all data will be seen in main window. If .pdf file is needed, press “Download PDF” (3).

NOTE: if you can`t scan QR code directly to VIP Help desk, scan QR code to .txt file and enter BOX ID code manually (copy + paste).
