

How to use “Packing list” functionality

v1.0

To use "Packing list" functionality need access to VIP Help Desk. If you don't have VIP Help Desk account, please contact your sales manager.

How to use "Packing list" functionality:

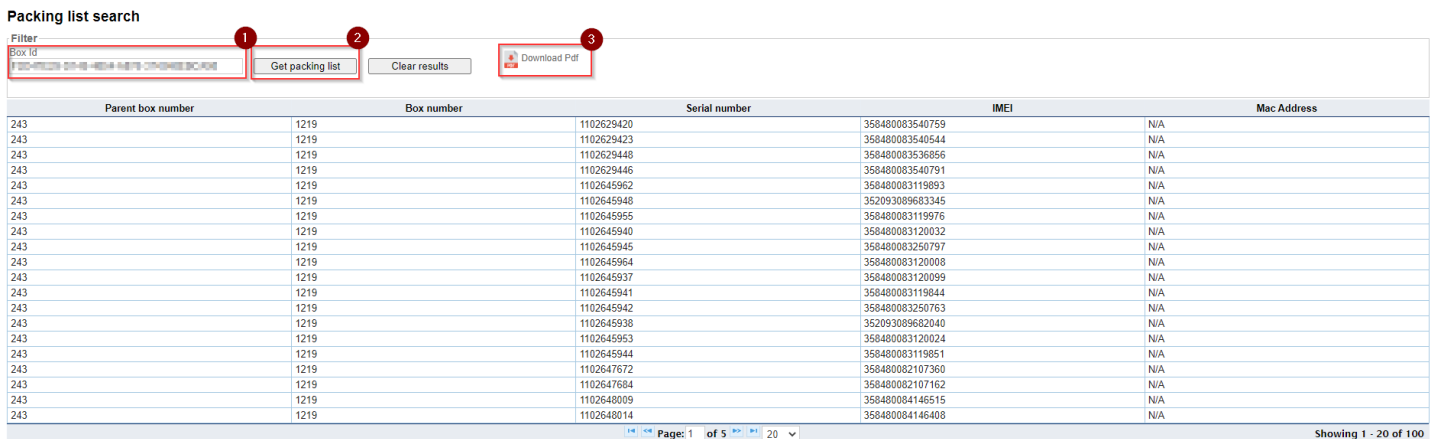

1. Choose "Packing list" functionality in Vip Help Desk.

2. Scan QR code from packing box:

3. QR code will fill-in into the "Box Id" field (1). Then press "Get packing list" (2), all data will be seen in main window. If .pdf file is needed, press "Download PDF" (3).

NOTE: if you can't scan QR code directly to VIP Help desk, scan QR code to .txt file and enter BOX ID code manually (copy + paste).
