CAN-CONTROL Product Change Notifications

[Main Page](#) > [CAN Trackers & Adapters](#) > [CAN-CONTROL](#) > **CAN-CONTROL Product Change Notifications**

Product change notifications (**PCN**) is the way of informing customers of upcoming changes related to Teltonika products. This includes outward appearance adjustments, hardware improvements, firmware changes, changes to package contents, etc. This page stores information regarding changes to the CAN-CONTROL. Below you will find a list of both upcoming and already implemented changes sorted from newest to oldest (top to bottom).

2020.06.08: Mass packaging

We would like to inform you, that there is a possibility to order a mass packaging of CAN-CONTROL for orders of 50 pcs. This possibility is valid from this notification release date.

Change description

Change type	Packaging
Detailed description	Improved and more environmentally friendly packaging box for bigger orders to get all CAN-CONTROL devices in one box. Mass packaging example:
Change reasons	1. The new box is better for the environment 2. It is more convenient to get all the equipment ordered in one box
Product release date	June 2020.

Affected products

Model	Affected order codes	Order code changes
CAN-CONTROL	No affect for older order codes	New order codes for mass packaging created: CAN-CONTROL2, CAN-CONTROL3

Change impact

Risk assessment	No risk factors encountered with this change
Suggested implementation plan	No implementation plan needed

Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above
