2024.05.13: Base firmware update

We would like to inform you about the base firmware update for FMB900 starting from June, 2024. New production firmware version will be **03.29.00.Rev.18**

| | | |
|-------------------------------|---|---------------------------------|
| Change description | | |
| Change type | Firmware update | |
| | Key improvements from last production firmware are listed in errata: FMB240 firmware errata | |
| Detailed description | Old version: 03.29.00.Rev.13 | New version: 03.29.00.Rev.18 |
| Change reasons | FMB900 base firmware version update | |
| Product release date | 2024 June | |
| Affected products | | |
| Model | Affected order codes | Order code changes |
| FMB900 | Order codes with base Firmware | New firmware version |
| Change impact | | |
| Risk assessment | Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically. During the transition period clients might receive devices with previous Firmware version used in manufacture. | |
| Suggested implementation plan | If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager. | |

2024.01.22: Modified battery placement within the casing

We would like to inform you that starting from January 2024, there will be a small change in the FMB240 devices casing. We have adjusted the battery placement and increased PCB guide height within casing. This modification was essential to enhance our manufacturing process.

| | | |
|---------------------------|---|---|
| Change description | | |
| Change type | Optimizing robotic battery placement process within casing | |
| | The modifications will not impact the place of the battery or PCB within the FMB240 device. | |
| | New Version: | |
| | Old Version: | |
| Detailed description |  |  |

| | | |
|--|--|--|
| Change reasons | 1. Modified battery placement within the casing. 2. PCB guide height increased for easier assembly. 3. Improved manufacturing process. | |
| Product release date | January, 2024 | |
| Affected products | | |
| Model | Affected order codes | Order code changes |
| FMB240 | FMB240 all codes | Modified battery placement and PCB guide height within the casing. |
| Change impact | | |
| Risk assessment | During transition period clients might receive devices with previous casing design. The transition period can last from January to February inclusive. | |
| Suggested implementation plan | No implementation plan is needed. | |
| Acknowledgement of PCN receipt | | |
| If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has tactically accepted and can implement the change as indicated above. | | |

2023.03.31: Laser engraving

We would like to inform you, that laser engraved information of the FMB240 device was updated in March of 2023. New certificate added.

| | | |
|-------------------------------|---|--|
| Change description | | |
| Change type | External/Visual | |
| Detailed description | FMB240 devices comes with new laser engraved information instead of old laser engraved information. | |
| | Old Version:  | New Version:  |
| Change reasons | Added ANATEL label and certificate number. | |
| Product release date | 2023 March | |
| Affected products | | |
| Model | Affected order codes | Order code changes |
| FMB240 | FMB240***** | No changes |
| Change impact | | |
| Risk assessment | No risk assessment | |
| Suggested implementation plan | No suggestions | |

2022.09.12: Base firmware update

We would like to inform you about the base firmware update for FMB240 starting from October 1st, 2022. New production firmware version will be 03.27.13.Rev.03

| | | |
|-------------------------------|---|--|
| Change description | | |
| Change type | Firmware update | |
| Detailed description | Key improvements from last production firmware are listed in errata: https://wiki.teltonika-gps.com/view/FMB240_firmware_errata | |
| | Old version: FMB240 03.27.12.Rev.00 | New version: FMB240 03.27.13.Rev.03 |
| Change reasons | FMB240 base firmware version update | |
| Product release date | 2022 October | |
| Affected products | | |
| Model | Affected order codes | Order code changes |
| FMB240 | FMB240***** order codes with base Firmware | Update firmware |
| Change impact | | |
| Risk assessment | Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically. During the transition period clients might receive devices with previous Firmware version used in manufacture. | |
| Suggested implementation plan | If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager. | |
