## 2024.09.24: Base firmware update

We would like to inform you about the base firmware update for FMB965 starting from October, 2024. New production firmware version will be **03.29.00.Rev.932**

### Change description

Change type	Firmware update	
	Key improvements from last production firmware are listed in errata: <a href="#">FMB965 firmware errata</a>	
Detailed description	Old version: FMB965 03.29.00.Rev.931	New version: FMB965 03.29.00.Rev.932
Change reasons	FMB965 base firmware version update	
Product release date	2024 October	

### Affected products

Model	Affected order codes	Order code changes
FMB965	FMB965***** all order codes.	Update firmware

### Change impact

Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically. During the transition period clients might receive devices with previous Firmware version used in manufacture.	
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.	

**Acknowledgement of PCN receipt** If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above
