2024.06.05: Base firmware update

We would like to inform you about the base firmware update for FMB965 starting from June, 2024. New production firmware version will be **03.29.00.Rev.931**

Change description

Change type	Firmware update
Detailed description	Key improvements from last production firmware are listed in errata: FMB965_firmware_errata
Change reasons	Old version: FMB965 03.27.10.Rev.487 New version: FMB965 03.29.00.Rev.931
Product release date	FMB965 base firmware version update 2024 June

Affected products

Model	Affected order codes	Order code changes
FMB965	FMB965***** all order codes.	Update firmware

Change impact

Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically. During the transition period clients might receive devices with previous Firmware version used in manufacture.
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.

Acknowledgement of PCN receipt If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above
