FMC001 Product Change Notifications

[Main Page](#) > [EOL Products](#) > [FMC001](#) > **FMC001 Product Change Notifications**

Product change notifications (**PCN**) is the way of informing customers of upcoming changes related to Teltonika products. This includes outward appearance adjustments, hardware improvements, firmware changes, changes to package contents, etc. This page stores information regarding changes to the FMC001 tracking device. Below you will find a list of both upcoming and already implemented changes sorted from newest to oldest (top to bottom).

2023.04.22: FMC001 END OF LIFE Announcement

The product End of Life (EOL) announcement signifies that a product has entered the final phase of Teltonika Product Life Cycle. Announcement serves as an advance notice of product termination in accordance with Teltonika EOL policy. Nevertheless, there is still enough time for you to order and get support that you need for the products that will be discontinued. Please contact your sales manager for more information.

End Of Production date: **2023-08-02**
Last Order date: **2023-05-02**
End of Bug-fixing date: **2025-02-03**
End of Support date: **2025-08-02**

We would like to inform you, that laser printing of the FMC001 device was updated in the factory from April 2023.

Change description

Change type	External/visual
Detailed description	Top laser printing design was changed, additional IMEI/SN QR sticker on the top part of the casing was added New version:
Change reasons	In order to improve the effectiveness of QR scanning additional IMEI/SN QR sticker on the top part of casing was added

Product release date	April 2023	

Affected products

Model	Affected order codes	Order code changes
FMC001	FMC001 *******	New casing

Change impact

Risk assessment	No risk factors encountered with this change
Suggested implementation plan	Due to changes in device appearance we strongly recommend to contact your customs agent with our change log information, to avoid any unexpected delays in customs clearance process

Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above

2022.08.16: Base firmware update

We would like to inform you about the base firmware update for FMC001 starting from August 16th, 2022. New production firmware version will be **03.27.13.Rev.03**

Change description

Change type	Firmware update	
Detailed description	Key improvements from last production firmware are listed in errata: https://wiki.teltonika-gps.com/view/FMC001_firmware_errata	
	Old version: FMC001 03.27.12.Rev.00	New version: FMC001 03.27.13.Rev.03
Change reasons	FMC001 base firmware version update	
Product release date	2022 August	

Affected products

Model	Affected order codes	Order code changes
FMC001	FMC001******* order codes with base Firmware	Update firmware

Change impact

Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically. During the transition period clients might receive devices with previous Firmware version used in manufacture. Current CE and E-mark certificates are valid. Also, current purchase codes remain the same.
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.

2022.02.09: Base firmware update

We would like to inform you about the base firmware update for FMC001 starting from February 9th, 2022. The new production firmware version will be **03.27.12.Rev.00**

Change description

Change type	Hardware and Firmware change	
Detailed description	OBD data processor of an alternative manufacturer is introduced in the production process. Key improvements from last production firmware are listed in errata: https://wiki.teltonika-gps.com/view/FMC001_firmware_errata	
	Old version: FMC001 03.27.07.Rev.00	New version: FMC001 03.27.12.Rev.00
Change reasons	Response to the global situation in component market and streamlining our product portfolio.	
Product release date	2022 February	

Affected products

Model	Affected order codes	Order code changes
FMC001	FMC001******* order codes with base Firmware	OBD processor analog

Change impact

Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically. During the transition period clients might receive devices with previous Firmware version used in manufacture. Current CE and E-mark certificates are valid. Also, current purchase codes remain the same.
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.

2021.11.15: Base firmware update

We would like to inform you about the base firmware update for FMC001 starting from December 2021. New production firmware version will be **03.27.07.Rev.00**
