

FMC00A Product Change Notifications

[Main Page](#) > [EOL Products](#) > [FMC00A](#) > **FMC00A Product Change Notifications**

Product change notifications (PCN) is the way of informing customers of upcoming changes related to Teltonika products. This includes outward appearance adjustments, hardware improvements, firmware changes, changes to package contents, etc. This page stores information regarding changes to the FMC00A tracking device. Below you will find a list of both upcoming and already implemented changes sorted from newest to oldest (top to bottom).

2024.05.24: New packaging of OBD devices

We would like to inform you, that packaging of the FMC00A device will be updated in the factory from June 2024.

Change description

Change type	External/visual		
Detailed description	Additional spacer was added inside the box (applicable to all order codes with SPQ 1) to secure device in place while shipping and create more pleasant unboxing experience.		
	Old version:	New version:	
			
Change reasons	Due to device being too loose in SPQ 1 box, additional spacer has been added.		
Product release date	June 2024		

Affected products

Model	Affected order codes	Order code changes
FMC00A	All order codes with SPQ 1: FMC00A*****	New packaging

Change impact

Risk assessment	No risk factors encountered with this change
Suggested implementation plan	Change instructions and update promotional material if required.

Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above
