2024.05.13: Base firmware update

We would like to inform you about the base firmware update for FMM13A starting from June, 2024. New production firmware version will be **03.29.00.Rev.18**

Change description

Change type	Firmware update
Detailed description	Key improvements from last production firmware are listed in errata: FMM13A firmware errata
Change reasons	FMM13A base firmware version update
Product release date	2024 June

Affected products

Model	Affected order codes	Order code changes
FMM13A	Order codes with base Firmware	New firmware version

Change impact

Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically. During the transition period clients might receive devices with previous Firmware version used in manufacture.
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.
