[Main Page](#) > [CAN Trackers & Adapters](#) > [FMM150](#) > **FMM150 Product Change Notifications**

**Product change notifications (PCN)** is the way of informing customers of upcoming changes related to Teltonika products. This includes outward appearance adjustments, hardware improvements, firmware changes, changes to package contents, etc. This page stores information regarding changes to the FMM150 tracking device. Below you will find a list of both upcoming and already implemented changes sorted from newest to oldest (top to bottom).

## 2024.06.04: Certification Engraving Update

The specifications of laser engraving devices have undergone modifications subsequent to their certification from both JATE/TELEC certification and compliance with the Bluetooth® SIG standard.

<b>Change description</b>	
Change type	Internal
Detailed description	The specifications of laser engraving devices have undergone modifications subsequent to their certification by JATE/TELEC and Bluetooth® SIG, ensuring compliance with rigorous standards.
Change reasons	The devices have received approval from both TELEC certification and compliance with the Bluetooth® SIG standard. These changes affect FMM150-Q3IB0.
Product release date	June, 2024
<b>Affected products</b>	
Model	Affected order codes
FMM150	FMM150-Q3IB0
<b>Change impact</b>	
Risk assessment	During the transition period clients might receive devices with old laser engraving.

## 2023.12.07: Base firmware update

We would like to inform you about the base firmware update for FMM150 starting from December 7th, 2023. New production firmware version will be 03.28.07.Rev.159

<b>Change description</b>	
Change type	Firmware update
Detailed description	Key improvements from last production firmware are listed in errata: <a href="https://wiki.teltonika-gps.com/view/FMM150_firmware_errata">https://wiki.teltonika-gps.com/view/FMM150_firmware_errata</a>
Change reasons	FMM150 base firmware version update
Product release date	2023 December
<b>Affected products</b>	
Model	Affected order codes
FMM150	FMM150***** order codes with base Firmware

## 2022.05.04: Base firmware update

We would like to inform you about the base firmware update for FMM150 starting from May 4th, 2023. New production firmware version will be 03.28.07.Rev.152

### Change description

Change type	Firmware update	
Detailed description	Key improvements from last production firmware are listed in errata: <a href="https://wiki.teltonika-gps.com/view/FMM150_firmware_errata">https://wiki.teltonika-gps.com/view/FMM150_firmware_errata</a>	
Change reasons	FMM150 base firmware version update	
Product release date	2023 May	
<b>Affected products</b>		
Model	Affected order codes	Order code changes
FMM150	FMM150***** order codes with base Firmware	Update firmware

## 2023.02.02: Changes in side frame for the battery placement

We would like to inform you that the side frame for the battery placement is included, helping to determine the exact location of the battery. Also, minor design changes are made to improve both case production and case assembly. These changes affect FMB110, FMB120, FMB122, FMB125, FMC125, FMM125, FMB130, FMC130, FMM130, FMB140, FMB150, FMC150, and FMM150 devices. The updates in the factory are being implemented in February, 2023.

### Change description

Change type	Internal	
Detailed description	The side frame for the battery placement is included, helping to determine the exact location of the battery. Also, minor design changes are made to improve both case production and case assembly. These changes affect FMB110, FMB120, FMB122, FMB125, FMC125, FMM125, FMB130, FMC130, FMM130, FMB140, FMB150, FMC150, and FMM150 devices.	
Change reasons	The battery placement is improved with a side frame, helping to determine the exact location of the battery. Minor design changes are made for case production and case assembly. These changes affect FMB110, FMB120, FMB122, FMB125, FMC125, FMM125, FMB130, FMC130, FMM130, FMB140, FMB150, FMC150, and FMM150 devices.	
Product release date	February, 2023	
<b>Affected products</b>		
Model	Affected order codes	Order code changes
FMB110, FMB120, FMB122, FMB125, FMC125, FMM125, FMB130, FMC130, FMM130, FMB140, FMB150, FMC150, FMM150	FMB110, FMB120, FMB122, FMB125, FMC125, FMM125, FMB130, FMC130, FMM130, FMB140, FMB150, FMC150, FMM150 all codes	Updated the battery placement with the side frame as well as minor design changes for case production and assembly
<b>Change impact</b>		
Risk assessment	During the transition period clients might receive devices with old case design used in manufacture	
Suggested implementation plan	Due to changes in device appearance we strongly recommend to contact your customs agent with our change log information, to avoid any unexpected delays in customs clearance process.	

### Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has tactically accepted and can implement the change as indicated above.
