FMM80A Product Change Notifications

[Main Page](#) > [Fast & Easy Trackers](#) > [FMM80A](#) > **FMM80A Product Change Notifications**

Product change notifications (**PCN**) is the way of informing customers of upcoming changes related to Teltonika products. This includes outward appearance adjustments, hardware improvements, firmware changes, changes to package contents, etc. This page stores information regarding changes to the FMM80A tracking device. Below you will find a list of both upcoming and already implemented changes sorted from newest to oldest (top to bottom).

2024.08.13: Base firmware update

We would like to inform you about the base firmware update for FMM80A starting from August, 2024. New production firmware version will be 03.29.00.rev.458

Change description

Change type	Firmware update	
Detailed description	Key improvements from last production firmware are listed in errata: https://wiki.teltonika-gps.com/view/FMM80A_firmware_errata	
	Old version: FMM80A 03.28.07.Rev.457	New version: FMM80A 03.29.00.rev.458
Change reasons	FMM80A base firmware version update	
Product release date	2024 August	

Affected products

Model	Affected order codes	Order code changes
FMM80A	FMM80A******* order codes with base Firmware	Update firmware

Change impact

Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically. During the transition period clients might receive devices with previous Firmware version used in manufacture.
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.

2024.06.03: New packaging of OBD devices

We would like to inform you, that the packaging of the FMM80A device will be updated in the factory from June 2024.

Change description

Change type	External/visual
Detailed description	Additional spacers were added inside the boxes (applicable to all standard order codes with SPQ 1 and SPQ 15) to secure the device in place while shipping and create a more pleasant unboxing experience.
	Old version: New version:
Change reasons	Due to devices being too loose in packaging boxes, spacers has been added.
Product release date	June 2024

Affected products

Model	Affected order codes	Order code changes

| FMM80A | Standard and Sample order codes with SPQ 1: FMM80A****** | New packaging |

Change impact

| Risk assessment | No risk factors encountered with this change |
| Suggested implementation plan | Change instructions and update promotional material if required. |
