FMP100 Product Change Notifications

[Main Page](#) > [Fast & Easy Trackers](#) > [FMP100](#) > **FMP100 Product Change Notifications**

Product change notifications (**PCN**) is the way of informing customers of upcoming changes related to Teltonika products. This includes outward appearance adjustments, hardware improvements, firmware changes, changes to package contents, etc. This page stores information regarding changes to the FMP100 tracking device. Below you will find a list of both upcoming and already implemented changes sorted from newest to oldest (top to bottom).

2024.06.30: Base firmware update

We would like to inform you about the base firmware update for FMP100 starting from July, 2024. New production firmware version will be **03.29.00.Rev.554**

Change description

Change type	Firmware update	
	Key improvements from last production firmware are listed in errata: [FMP100 firmware errata](#)	
Detailed description	Old version: 03.28.04.Rev.273	New version: 03.29.00.Rev.554
Change reasons	FMP100 base firmware version update	
Product release date	2024 July	

Affected products

Model	Affected order codes	Order code changes
FMP100	All order codes	New firmware version

Change impact

Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically. During the transition period clients might receive devices with previous Firmware version used in manufacture.
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.

2023.09.29: Base firmware update
