FM6300 Operator list

[Main Page](#) > [EOL Products](#) > [FM6300](#) > [FM6300 Configuration](#) > **FM6300 Operator list**

FM6300 is able to use GPRS with all operators but if any operator is entered in the preferred operator list, FM6300 is allowed to connect to GPRS only when operating in listed operator's network. Also operator list has influence on profile switching if Global parameter "Profile switching on event" is disabled. FM6300 will not connect to GPRS using network of operator which is listed in black list.
