

# FMB240 Product Change Notifications

[Main Page](#) > [CAN Trackers & Adapters](#) > [FMB240](#) > **FMB240 Product Change Notifications**

**Product change notifications (PCN)** is the way of informing customers of upcoming changes related to Teltonika products. This includes outward appearance adjustments, hardware improvements, firmware changes, changes to package contents, etc. This page stores information regarding changes to the FMB240 tracking device. Below you will find a list of both upcoming and already implemented changes sorted from newest to oldest (top to bottom).

## 2024.01.22: Modified battery placement within the casing

We would like to inform you that starting from January 2024, there will be a small change in the FMB240 devices casing. We have adjusted the battery placement and increased PCB guide height within casing. This modification was essential to enhance our manufacturing process.

<b>Change description</b>		
Change type	Optimizing robotic battery placement process within casing The modifications will not impact the place of the battery or PCB within the FMB240 device. New Version:	
Detailed description	Old Version:	
		
Change reasons	1. Modified battery placement within the casing. 2. PCB guide height increased for easier assembly. 3. Improved manufacturing process.	
Product release date	January, 2024	
<b>Affected products</b>		
Model	Affected order codes	Order code changes
FMB240	FMB240 all codes	Modified battery placement and PCB guide height within the casing.
<b>Change impact</b>		
Risk assessment	During transition period clients might receive devices with previous casing design. The transition period can last from January to February inclusive.	
Suggested implementation plan	No implementation plan is needed.	
<b>Acknowledgement of PCN receipt</b>		
If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has tactically accepted and can implement the change as indicated above.		

## 2023.03.31: Laser engraving

We would like to inform you, that laser engraved information of the FMB240 device was updated in March of 2023. New certificate added.

<b>Change description</b>		
Change type	External/Visual FMB240 devices comes with new laser engraved information instead of old laser engraved information.	
Detailed description	Old Version:	New Version:
		

Change reasons	Added ANATEL label and certificate number.	
Product release date	2023 March	
<b>Affected products</b>		
Model	Affected order codes	Order code changes
FMB240	FMB240*****	No changes
<b>Change impact</b>		
Risk assessment	No risk assessment	
Suggested implementation plan	No suggestions	

## 2022.09.12: Base firmware update

We would like to inform you about the base firmware update for FMB240 starting from October 1st, 2022. New production firmware version will be 03.27.13.Rev.03

### Change description

Change type	Firmware update	
Detailed description	Key improvements from last production firmware are listed in errata: <a href="https://wiki.teltonika-gps.com/view/FMB240_firmware_errata">https://wiki.teltonika-gps.com/view/FMB240_firmware_errata</a>	
	Old version: FMB240 03.27.12.Rev.00	New version: FMB240 03.27.13.Rev.03
Change reasons	FMB240 base firmware version update	
Product release date	2022 October	
<b>Affected products</b>		
Model	Affected order codes	Order code changes
FMB240	FMB240***** order codes with base Firmware	Update firmware
<b>Change impact</b>		
Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically. During the transition period clients might receive devices with previous Firmware version used in manufacture.	
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.
