

# FMC130 Product Change Notifications

[Main Page](#) > [Advanced Trackers](#) > [FMC130](#) > **FMC130 Product Change Notifications**

**Product change notifications (PCN)** is the way of informing customers of upcoming changes related to Teltonika products. This includes outward appearance adjustments, hardware improvements, firmware changes, changes to package contents, etc. This page stores information regarding changes to the FMC130 tracking device. Below you will find a list of both upcoming and already implemented changes sorted from newest to oldest (top to bottom).

## 2024.01.05: GNSS antenna changes

We would like to inform you that starting from February 2024, there will be a change in the manufacturing process of our FMC130 devices. We will be transitioning to utilize Surface Mount Device (SMD) manufactured GNSS antennas, which will replace the existing Dual-In-line Package (DIP) technique.

### Change description

Change type

Mechanical part changes

Change of the manufacturing process, transition from Dual-In-line Package (DIP) to Surface Mount Device (SMD) process.

Old version:

Dual-In-Line Package (DIP) manufactured antennas

New version:

Surface Mount Device (SMD) manufactured antennas

Detailed description

Antenna size: 25x25x4 mm  
Center frequency: 1575.42 MHz, 1602 MHz  
VSWR: <1.1  
Average Gain: -2.6 dB  
Return loss: <-25 dB

Antenna size: 25x25x4 mm  
Center frequency 1575.42 MHz, 1602 MHz  
VSWR: <1.9  
Average Gain: -2.5 dB  
Return loss: <-9 dB

Change reasons	Standardization of GNSS antennas throughout device portfolio and manufacturing efficiency improvements.	
Release date	February, 2024.	
<b>Affected products</b>		
Model	Affected order codes	Order code changes
FMC130	FMC130***** order codes	SMD manufactured antennas
<b>Change impact</b>		
Risk assessment	During transition period clients might receive devices with previous DIP manufactured antennas. The transition period can last from February to June.	
	Since the change of the GNSS antenna is visible visually on PCB, in order to avoid problems at the customs of certain countries, we suggest informing the relevant authorities about the change of the GNSS antenna. The new SMD GNSS antenna provides an equivalent track quality and performance level, as verified through testing. Testing results:	
	<b>Device    Antenna    Avg. Difference from precise track [m]*</b>	
	FMC130_211 SMD    3.30	
	FMC130_264 SMD    2.94	
	FMC130_351 SMD    2.65	
	FMC130_476 DIP    4.23	
	FMC130_640 DIP    3.52	
	* Avg. Difference from precise track - measured by comparing positioning data from devices and RTK (Real-time kinematic positioning) system data which is considered precise data. The smaller avg. difference from precise track, means better track quality.	
	** Testing is done inside vehicle interior. Devices were placed on the carpet, with front passenger seat removed. It is worth noting that GNSS signal is heavily influenced by the exact location device(s) is(are) placed.	
Suggested implementation plan	No implementation plan is needed.	
<b>Acknowledgement of PCN receipt</b>		
If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has tactically accepted and can implement the change as indicated above.		

## 2023.12.15: Base firmware update

We would like to inform you about the base firmware update for FMC130 starting from December 15th, 2023. New production firmware version will be **03.29.00.Rev.13**

<b>Change description</b>		
Change type	Firmware update	
Detailed description	Key improvements from last production firmware are listed in errata: <a href="https://wiki.teltonika-gps.com/view/FMC130_firmware_errata">https://wiki.teltonika-gps.com/view/FMC130_firmware_errata</a>	
	Old version: 03.27.13.Rev.443	New version: 03.29.00.Rev.13
Change reasons	FMC130 base firmware version update for modifications with SLM320-LA module, SLM320-E1 module and SLM320-E2 module	
Product release date	2023 December	
<b>Affected products</b>		
Model	Affected order codes	Order code changes
FMC130	FMC130***** with 03.27.13.Rev.443 will be replaced to FMC130***** with base firmware	New firmware version
<b>Change impact</b>		
Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically. During the transition period clients might receive devices with previous Firmware version used in manufacture.	
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.	

## 2023.12.01: Certification Engraving Update

<b>Change description</b>		
Change type	Internal	
Detailed description	The specifications of laser engraving devices have undergone modifications subsequent to their certification by Anatel and Bluetooth® SIG, ensuring compliance with rigorous standards. These changes affect FMC130-MCIB0 and FMC230-MCIB0 devices.	
	Old laser engraving:	New laser engraving:
		
Change reasons	The devices have received approval from both Anatel certification and compliance with the Bluetooth® SIG standard. These changes affect FMC130-MCIB0 and FMC230-MCIB0 devices.	
Release date	December, 2023	
<b>Affected products</b>		
Model	Affected order codes	Order code changes
FMC130	FMC130-MCIB0	Updated laser engraving.
<b>Change impact</b>		
Risk assessment	During the transition period clients might receive devices with old laser engraving.	
Suggested implementation plan	No implementation plan is needed.	
<b>Acknowledgement of PCN receipt</b>		
If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has tactically accepted and can implement the change as indicated above.		

## 2023.07.01: SLM320 Modem Firware Update

We would like to inform you, that SLM320 modem firmware has been updated for the FMC130 device and it is updated in factory from July, 2023.

### Change description

Change type	SLM320 modem firmware update	
Detailed description	SLM320 modem firmware has been improved for FMC130, FMC125, FMC230, FMC225 devices.	
Change reasons	Old version:	New version:
	V51_U07	V51_U09
Product release date	July, 2023	

### Affected products

Model	Affected order codes	Order code changes
FMC130	FMC130***** order codes which support SLM320 modem	Updated SLM320 modem firmware

### Change impact

Risk assessment	During transition period clients might receive devices with previous SLM320 modem firmware version used in manufacture.	
Suggested implementation plan	No implementation plan is needed.	

### Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has tactically accepted and can implement the change as indicated above.

## 2023.02.02: Base firmware update

We would like to inform you about the base firmware update for FMC130 starting from March 1st, 2023. New production firmware version will be **03.27.13.Rev.443**

### Change description

Change type	Firmware update	
Detailed description	Key improvements from last production firmware are listed in errata: <a href="https://wiki.teltonika-gps.com/view/FMC130_firmware_errata">https://wiki.teltonika-gps.com/view/FMC130_firmware_errata</a>	
Change reasons	Old version:	New version:
	03.27.13.Rev.54	03.27.13.Rev.443
Product release date	FMC130 base firmware version update for modifications with SLM320-LA module, SLM320-E1 module and SLM320-E2 module	

### Affected products

Model	Affected order codes	Order code changes
FMC130	FMC130***** with 03.27.13.Rev.54 will be replaced to FMC130***** with base firmware	New firmware version

### Change impact

Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically. During the transition period clients might receive devices with previous Firmware version used in manufacture.	
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.	

## 2023.02.02: Changes in side frame for the battery placement

We would like to inform you that the side frame for the battery placement is included, helping to determine the exact location of the battery. Also, minor design changes are made to improve both case production and case assembly. These changes affect FMB110, FMB120, FMB122, FMB125, FMC125, FMM125, FMB130, FMC130, FMM130, FMB140, FMB150, FMC150, and FMM150 devices. The updates in the factory are being implemented in February, 2023.

### Change description

Change type	Internal	
Detailed description	The side frame for the battery placement is included, helping to determine the exact location of the battery. Also, minor design changes are made to improve both case production and case assembly. These changes affect FMB110, FMB120, FMB122, FMB125, FMC125, FMM125, FMB130, FMC130, FMM130, FMB140, FMB150, FMC150, and FMM150 devices.	
Change reasons	Old Version:	New Version:
		
Product release date	February, 2023	

### Affected products

Model	Affected order codes	Order code changes
-------	----------------------	--------------------

FMB110, FMB120, FMB122, FMB125, FMC125, FMM125, FMB130, FMC130, FMM130, FMB140, FMB150, FMC150, FMM150	FMB110, FMB120, FMB122, FMB125, FMC125, FMM125, FMB130, FMC130, FMM130, FMB140, FMB150, FMC150, FMM150 all codes	Updated the battery placement with the side frame as well as minor design changes for case production and assembly
<b>Change impact</b>		
Risk assessment	During the transition period clients might receive devices with old case design used in manufacture	
Suggested implementation plan	Due to changes in device appearance we strongly recommend to contact your customs agent with our change log information, to avoid any unexpected delays in customs clearance process.	
<b>Acknowledgement of PCN receipt</b>		
If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has tactically accepted and can implement the change as indicated above.		

## 2022.11.16: SLM320 Modem Firmware Update

We would like to inform you, that SLM320 modem firmware has been updated for the FMC130 device and it is updated in factory from November, 2022.

<b>Change description</b>		
Change type	SLM320 modem firmware update	
Detailed description	SLM320 modem firmware has been improved for FMC130, FMC125, FMC230, FMC225 devices.	
Change reasons	Old version:	New version:
	V51_U03	V51_U07
	1. Fixed issue with time synchronization	
	2. Resolved issue that module cannot connect to IP with end of .0	
Product release date	3. Resolved private APN issue to make TCP connection	
	November, 2022	
<b>Affected products</b>		
Model	Affected order codes	Order code changes
FMC130	FMC130***** order codes which support SLM320 modem	Updated SLM320 modem firmware
<b>Change impact</b>		
Risk assessment	During transition period clients might receive devices with previous SLM320 modem firmware version used in manufacture.	
Suggested implementation plan	No implementation plan is needed.	
<b>Acknowledgement of PCN receipt</b>		
If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has tactically accepted and can implement the change as indicated above.		

## 2022.10.01: Bluetooth® Improvement

We would like to inform you, that Bluetooth® performance for the FMC130 device will be updated in the factory from October, 2022.

Change description		
Change type	Internal	
Detailed description	BLE antenna has been improved FMC125, FMC225, FMC230 and FMC130 devices.	
Change reasons	Old version:	New version:
		
	Bluetooth® antennas are improved for FMC125, FMC225, FMC230 and FMC130 devices ensuring better signal strength.	
Product release date	October, 2022	
Affected products		
Model	Affected order codes	Order code changes
FMC130	FCM130 all codes	Updated BLE antenna
Change impact		
Risk assessment	No risk factors encountered with this change.	
Suggested implementation plan	Due to changes in device appearance we strongly recommend to contact your customs agent with our change log information, to avoid any unexpected delays in customs clearance process.	
Acknowledgement of PCN receipt		
If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has tactically accepted and can implement the change as indicated above.		

## 2022.03.18: Base firmware update

We would like to inform you about the base firmware update for FMC130 starting from March 18th, 2022. New production firmware version will be **03.27.13.Rev.54**

<b>Change description</b>		
Change type	Firmware update and order codes changes	
Detailed description	Key improvements from last production firmware are listed in errata: <a href="https://wiki.teltonika-gps.com/view/FMC130_firmware_errata">https://wiki.teltonika-gps.com/view/FMC130_firmware_errata</a>	
	Old version:	New version:
	FMC130 03.27.07.Rev.252	FMC130 03.27.13.Rev.54

Change reasons	FMC130 base firmware version update for modifications with SLM320-L module and SLM320-E2 module	
Product release date	2022 March	
<b>Affected products</b>		
Model	Affected order codes	Order code changes
FMC130	FMC130 <b>64</b> **** order will be replaced to FMC130 <b>40</b> **** with base firmware	New firmware version
	FMC130 <b>5X</b> **** order will be replaced to FMC130 <b>KY</b> **** with base firmware	
<b>Change impact</b>		
Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically. During the transition period clients might receive devices with previous Firmware version used in manufacture.	
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.	

## 2021.08.19: Base firmware update

We would like to inform you about the base firmware update for FMC130 starting from August 19th, 2021. New production firmware version will be **03.27.07.Rev.00**

<b>Change description</b>		
Change type	Firmware update	
	Key improvements from last production firmware are listed in errata: <a href="https://wiki.teltonika-gps.com/view/FMC130_firmware_errata">https://wiki.teltonika-gps.com/view/FMC130_firmware_errata</a>	
Detailed description	Old version: FMC130 03.27.04.Rev.01	New version: FMC130 03.27.07.Rev.00
Change reasons	FMC130 base firmware version update	
Product release date	2021 August	
<b>Affected products</b>		
Model	Affected order codes	Order code changes
FMC130	FMC130***** order codes with base Firmware	Update firmware
<b>Change impact</b>		
Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically. During the transition period clients might receive devices with previous Firmware version used in manufacture.	
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.	

## 2021.03.16: Base firmware update

We would like to inform you about the base firmware update for FMC130 starting from March 16th, 2021. The new production firmware version will be **03.27.04.Rev.01**.

<b>Change description</b>		
Change type	Firmware update	
	Key improvements from last production firmware are listed in errata: <a href="https://wiki.teltonika-gps.com/view/FMC130_firmware_errata">https://wiki.teltonika-gps.com/view/FMC130_firmware_errata</a>	
Detailed description	Old version: FMC130 03.27.03.Rev.02	New version: FMC130 03.27.04.Rev.01
Change reasons	FMC130 base firmware version update	
Product release date	2021 March 16th.	
<b>Affected products</b>		
Model	Affected order codes	Order code changes
FMC130	FMC130***** order codes with base Firmware	Update firmware
<b>Change impact</b>		
Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically	
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.	

## 2021.02.18: Base firmware update

We would like to inform you about the base firmware update for FMC130 starting from February 18th, 2021. The new production firmware version will be **03.27.03.Rev.02**.

<b>Change description</b>		
Change type	Firmware update	
	Key improvements from last production firmware are listed in errata: <a href="https://wiki.teltonika-gps.com/view/FMC130_firmware_errata">https://wiki.teltonika-gps.com/view/FMC130_firmware_errata</a>	
Detailed description	Old version: FMC130 03.27.02.Rev.00	New version: FMC130 03.27.03.Rev.02
Change reasons	FMC130 base firmware version update	
Product release date	2021 February 18th.	

**Affected products**

Model	Affected order codes	Order code changes
FMC130	FMC130***** order codes with base Firmware	Update firmware

**Change impact**

Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically	
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.	

## 2020.09.25: Base firmware update

We would like to inform you about the base firmware update for FMC130 starting from September 25th, 2020. The new production firmware version will be **03.27.02.Rev.01**.

**Change description**

Change type	Firmware update.	
Detailed description	Key improvements from last production firmware are listed in errata: <a href="#">FMC130 firmware errata</a>	
	Old version: FMC130 03.25.10.Rev.175	New version: FMC130 03.27.02.Rev.01
Change reasons	FMC130 base firmware version update for EMEA region.	
Product release date	2020 September 25th.	

**Affected products**

Model	Affected order codes	Order code changes
FMC130	FMC130C5**** order codes with base Firmware	Update firmware

**Change impact**

Risk assessment	Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically.	
Suggested implementation plan	If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.	

## 2019.11.28: Top Device Marking Changes

We would like to inform you, that tampography of the FMC130 device was updated to engraving in the factory.

**Change description**

Change type	External/visual	
Detailed description	Device marking changed from tampography to laser printing. Information provided on module will remain the same	
	Old Version: 	New Version: 
Change reasons	To improve manufacturing speed, efficiency and reliability To increase quality, precision and durability of marking.	
Product release date	Planned date: 2019 December	

**Affected products**

Model	all codes with standard marking	Order code changes
FMC130	FMC130*****	No changes

**Change impact**

Risk assessment	No risk factors encountered with this change
Suggested implementation plan	No implementation plan needed

**Acknowledgement of PCN receipt**

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above
