

FMM230 Product Change Notifications

[Main Page](#) > [Advanced Trackers](#) > [FMM230](#) > **FMM230 Product Change Notifications**

Product change notifications (PCN) is the way of informing customers of upcoming changes related to Teltonika products. This includes outward appearance adjustments, hardware improvements, firmware changes, changes to package contents, etc. This page stores information regarding changes to the FMM230 tracking device. Below you will find a list of both upcoming and already implemented changes sorted from newest to oldest (top to bottom).

Contents

2024.01.22: Modified battery placement within the casing

We would like to inform you that starting from January 2024, there will be a small change in the FMM230 devices casing. We have adjusted the battery placement and increased PCB guide height within casing. This modification was essential to enhance our manufacturing process.

Change description

Change type

Optimizing robotic battery placement process within casing
The modifications will not impact the place of the battery or PCB within the FMM230 device.
New Version:

Old Version:

Detailed description

Change reasons

1. Modified battery placement within the casing.
2. PCB guide height increased for easier assembly.
3. Improved manufacturing process.

Product release date

January, 2024

Affected products

Model

Affected order codes

FMM230

FMM230 all codes

Order code changes

Modified battery placement and PCB guide height within the casing.

Change impact

Risk assessment	During transition period clients might receive devices with previous casing design. The transition period can last from January to February inclusive.
Suggested implementation plan	No implementation plan is needed.
Acknowledgement of PCN receipt	
If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has tactically accepted and can implement the change as indicated above.	

2024.01.26: Base firmware update

We would like to inform you about the base firmware update for FMM230 starting from January 26th, 2024. New production firmware version will be **03.29.00.Rev.14**

Change description	
Change type	Firmware update
Detailed description	Key improvements from last production firmware are listed in errata: FMM230_firmware_errata
Change reasons	Old version: FMM230 03.27.13.Rev.03
Product release date	New version: FMM230 03.29.00.Rev.14
Affected products	
Model	Affected order codes

Change impact	
Risk assessment	Order code changes
Suggested implementation plan	Update firmware
Acknowledgement of PCN receipt	
If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has been tacitly accepted and can implement the change as indicated above	

2023.12.13: Certification Engraving Update

Change description	
Change type	Internal
Detailed description	<p>The specifications of laser engraving devices have undergone modifications subsequent to their certification by Anatel and Bluetooth® SIG, ensuring compliance with rigorous standards. These changes affect FMM130-QG5 and FMM230-Q3IB0 devices.</p> <p>Old laser engraving:</p>  <p>New laser engraving:</p> 
Change reasons	The devices have received approval from both Anatel certification and compliance with the Bluetooth® SIG standard. These changes affect FMM130-QG5 and FMM230-Q3IB0 devices.
Release date	December, 2023
Affected products	
Model	Affected order codes
	Order code changes

FMM230

FMM230-Q3IB0

Updated laser engraving.

Change impact

Risk assessment

During the transition period clients might receive devices with old laser engraving.

Suggested implementation plan No implementation plan is needed.

Acknowledgement of PCN receipt

If no feedback is received within two weeks after the issue date of this notification - Teltonika may accept that this change has tactically accepted and can implement the change as indicated above.

2022.09.19: Base firmware update

We would like to inform you about the base firmware update for FMM230 starting from October 1st, 2022. New production firmware version will be 03.27.13.Rev.03

Change description

Change type

Firmware update

Detailed description

Key improvements from last production firmware are listed in errata: https://wiki.teltonika-gps.com/view/FMM230_firmware_errata

Old version:

FMM230 03.27.12.Rev.00

New version:

FMM230 03.27.13.Rev.03

Change reasons

FMM230 base firmware version update

Product release date

2022 October

Affected products

Model

Affected order codes

Order code changes

FMM230

FMM230***** order codes with base Firmware

Update firmware

Change impact

Risk assessment

Client's special firmware versions or order codes with special firmware will not be updated to latest base firmware automatically. During the transition period clients might receive devices with previous Firmware version used in manufacture.

Suggested implementation plan

If you are using special firmware version and would like an upgrade to new features of latest base firmware, please contact your Teltonika sales manager.
