## FMM920 Accessories

 $\underline{\text{Main Page}} > \underline{\text{Basic Trackers}} > \underline{\text{FMM920}} > \underline{\text{FMM920 Manual}} > \underline{\text{FMM920 Accessories}}$ 

## **EYE Beacon**

BLE Beacon for traceability use cases, delivery tracking, monitoring of various movable objects in logistics (trailers, containers), agriculture (tractor attachments), and constructions (tools and inventory).

• BTSID1

## **EYE Sensor**

Sensors data makes it especially suitable for cold chain refrigerator use cases. The built-in accelerometer can detect item movement or fall events. Magnet detection can be used for wireless open/close detection and notifications such as trailer door events, etc.

• BTSMP1

## **Analog Fuel Sensor**

Fuel tracking is one of the key challenges of fleet management. If the vehicle has a factory installed Analog Fuel Sensor, there is a solution that does not require any additional equipment - you can connect the device via AIN to read the fuel data straight from the sensor

• Analog Fuel Sensor
